

Council Held Busy Session Tuesday Night

Aldermen Fox Believes Water Items Are Too High—Federated Club—Want Rest-rooms in City Hall—Held in Taxes Made—Other Matters.

The common council of 1928-29 was about to sing its swan song and bid farewell to the trials and cares of running a city when, before the song could be finished, it was stated it would be necessary to hold an adjourned meeting, later in the month. The council transacted considerable business at what was supposed to have been the last meeting of the year. President C. Ray Everett presided with Aldermen Dressel, Haines, Hermance, Molyneux, Fox, Mann, Ostrander, Clare, O'Reilly, Burger and Relyea present. The only absentees were Aldermen Reilly and Hull. Of the present common council only five members return in 1930. They are Aldermen Everett, Haines, Molyneux, Mann and Relyea.

Kiwanis Dental Clinics.
The Kiwanis Club sent in a communication to the fact that the club was planning to hold a series of dental clinics and asking if the city could not set aside room in the Municipal Building for holding the clinics. The request was referred to the building and supply committee.

Wants Rest-rooms.
Mrs. Clara Norton Reed, corresponding secretary of the Federated Women's Clubs of the city, sent in a communication that the executive committee of the federation wanted the city to install a rest-room fully equipped in the city hall for the use of the girls employed in the building. The communication was referred to the building and supply committee.

Pool Table for Cops.
When the city hall was burned a pool table in the police department was destroyed by fire and Tuesday evening the common council voted to purchase a new pool table for the police department at a cost not to exceed \$100 to replace the one destroyed.

Tablet in City Hall.
Alderman O'Reilly introduced a resolution that the building and supply committee be authorized to negotiate for a suitable tablet commemorating the reconstruction of the city hall to be placed in the common council chamber. The motion was adopted.

Objects to Water Rents.
Alderman Fox said that there was one thing he could not understand and that was the reason for the high water rents in the city. He said he believed there must be a large revenue from the water rents but he had never seen a report of the amount taken in each year. He said that he did not believe it was necessary for the water board to charge such high rents in the city.

President Everett explained that the water board made a report each year of the financial condition of the board, including the amount of revenue derived from water rents, and that Alderman Fox, if he desired, could easily obtain the figures from the water board office.

Defer Bus Action.
The resolution and petition requesting that the bus line route be changed somewhat upon which had been referred to the railroad committee reported that George Whitaker of the trolley road had suggested that no action be taken until after the sale of the trolley road early this month.

McCutcheon Seeks Damages.
J. T. McCutcheon of West Pierpont street filed a claim for \$75 damages caused, he said, by the backing up of the sewer. It was referred to the finance committee and corporation counsel.

Refunds in Taxes.
The finance committee reported favorably in refunding taxes in the sum of \$11.59 to William B. and James P. Byrne on a barn in the rear of 41 O'Neil street, that had been removed; and also a refund of \$83.70 paid by the Sisters of St. Ursula on the Staples property they had bought. A refund of \$64.95 was also ordered paid to the Joyce Schirrick Post, Veterans of Foreign Wars, for taxes paid on the Dugout on East Chestnut street.

To Sell City Lot.
The finance committee also reported favorably on selling a plot of ground at the corner of East Union street and Hasbrouck avenue to N. Cohen for the sum of \$300. The report was adopted.

Memorial Day Resolution.
Alderman Relyea introduced a resolution that because of the few surviving members of the G. A. R. and on account of their increasing infirmity, the annual ceremonies in observance of Memorial Day in Kingston, as for the past two years, have been arranged and sponsored by the Kingston Post of the American Legion with the approval and consent of the local chapter of the G. A. R., that the common council appropriate annually the sum of \$500 to cover the expense of observing the day and that the appropriation be subject to expense vouchers approved for payment by the chairman of the American Legion Memorial Day committee. The resolution was referred to the finance committee.

Moscow Cannot Consider Note A "Friendly Act"

Soviet Government Amazed That United States Should Attempt to Give It Advice or Counsel.

Moscow, Dec. 4 (P).—The Soviet government notified the United States today it could not consider the American note reminding the Russian and Chinese governments of their Kellogg pact obligations as a "friendly act."

In a memorandum handed the French ambassador, Maurice Herbet, by Maxim Litvinoff, acting commissar for foreign affairs, the Soviet government expressed "amazement" that the government of the United States, which by its own will has no official relations with the Soviet, deems it possible to apply to it with advice and counsel.

In another place the memorandum said: "The Soviet government states further that the pact of Paris does not give any single state or group of states the function of protector of the pact. The Soviet, at any rate, never expressed consent that any states themselves, or by mutual consent should take upon themselves such a right."

Prior to publication of the memorandum announcement was made that plenipotentiaries of the Moscow and Mukden provincial governments, conferring at Nikolai-Ussurysky, a few miles north of Vladivostok, had signed a protocol reorganizing the administration of the disputed Chinese Eastern Railway in conformity with the treaties of 1924.

The view was taken in the Moscow memorandum, which was to be forwarded to Paris and Washington, that the American note came at a time when some conditions of the negotiations already had been agreed upon. "In view of this fact," the memorandum said, "the declaration can not but be considered unjustifiable pressure on the negotiations and can not therefore be taken as a friendly act."

The Nikolai-Ussurysky protocol was signed by Tsai Yun-Shen, Harbin diplomatic commissioner, for China, and M. Simonovsky, agent of the Soviet foreign commissariat at Khabarovsk for the Soviet Union. The 1924 treaties which recognized the Russian government will not insist upon the reinstatement of A. I. Emshanzov and M. Elismont as manager and assistant manager of the railway. Both posts will be filled by Russians, however, and both M. Emshanzov and M. Elismont will be appointed to other places on the railroad.

Tsai Yun-Shen in agreeing said the Mukden government henceforth would conform strictly to the agreements of 1924. M. Simonovsky accepted the declaration with satisfaction and said the Soviet government always has fulfilled these agreements and would continue to do so in the future.

Supervisor Shults' Narrow Escape

Supervisor John C. Shults of Saugerties had a narrow escape from death Monday evening when the Cadillac sedan he was driving crashed into the gates at the West Shore Railroad crossing on the Kingston-Saugerties highway. The supervisor was returning from a meeting of the board at the courthouse here when the mishap occurred.

Mistaking the red light of the lantern hanging from the gate, for the tail light of an automobile the supervisor proceeded to get into line. When he discovered his mistake upon seeing the gates and the moving train he swerved his car sharply to avoid the crash into the gates and the train. The sedan hit the iron support of the gate and then went through the gate stopping within six inches of the moving train.

The glass of the car was shattered and the front side of the car damaged but Mr. Shults very fortunately was not injured. He drove the car home.

Sidewalk in Bad Condition

A great many sidewalks in the city are in very bad condition due to the fact that ice has formed where the snow was not removed or but partially removed. The police department has received a number of complaints and investigations are being conducted. A number of falls which may prove of a serious nature have also been reported.

A strong sun Tuesday afternoon failed to make any great progress in removing the snow from the streets and with the thermometer reaching 19 above Tuesday night it looks as if the snow will remain for a while. A number of minor automobile crashes were reported due to the skidding of cars.

Per Capita Cost At County Farm 20 Cents Per Day

Superintendent Sagerdorf Makes Annual Report to Board of Supervisors—Crops Raised This Year.

That Lester L. Sagerdorf superintendent of the poor farm near New Paltz, is a good farmer is evidenced by his report made to the board of supervisors on Monday. He reported that crops raised on the county farm last year were 173 bushels of oats, 85 bushels of wheat, 200 bushels of corn on ear, 13 acres of corn silage, 50 tons of hay, 300 bushels potatoes, 6,000 heads of cabbage, 18 hogs averaging 250 pounds, a large quantity of tomatoes, beans, sweet corn, carrots, peas, beets, turnips, etc.

Superintendent Sagerdorf reported that there were 70 inmates at the county farm on November 1, 1928, that 46 were received during the year, making a total of 116. Of that number 26 had been discharged, 21 died, remaining on October 31, 1929, 63 inmates. There had been furnished by him 25,061 days' board chargeable to towns, and 2,050 days chargeable to the county, making a total of 27,111 days. The cost per capita, covering board and clothing, was 20 cents a day.

He estimates that the amount necessary to be raised for the support of town poor for ensuing year will be \$5,458.20 to be apportioned among towns and county as follows: Esopus, \$220.80; Gardiner, \$239.20; Hardenbergh, \$219; Hurley, \$122; Lloyd, \$324.60; Marlborough, \$741; Marlborough, \$538.20; New Paltz, \$302; Olive, \$18; Plattekill, \$248; Rochester, \$186.60; Saugerties, \$519.80; Shandaken, \$89.20; Shawangunk, \$64; Ulster, \$397.80; Wawarsing, \$460.60; Woodstock, \$79.20; county, \$430.

Stone Tearing Down Building

Samuel Stone, auto accessory dealer of 22 Broadway, is razing the brick building on Ferry street, opposite Hasbrouck avenue, which he recently purchased from the Central Hudson Steamboat Company with intentions of using the site for an up-to-date gasoline station and auto accessory store.

The work of tearing down the big building is being done by a force of men under the direction of Mr. Stone and John Hogan. The job was started Monday and rapid progress has been made. The building is expected to be down at the end of this week.

Plans for the new building are ready. They call for a two-story structure of rough-faced brick, such as that used in the erection of the Stuyvesant Garage building uptown. The entire front of the building on the ground floor will be of plate glass, making the store front one of the most modern in the city.

There will be no delay in getting the new building under construction. Contracts have not been let. Mr. Stone being undecided whether he will put up the new structure himself.

TUNNEY HOME TO LIVE "QUIETLY AND SIMPLY"

New York, Dec. 4 (P).—Gene Tunney is home again, not to fight, but to live "quietly and simply." Tunney and his wife, the former Polly Lauder, returned to the United States yesterday from Italy after spending fifteen months abroad.

Concerning the suit Mrs. Katherine King Fogarty has brought against him, Tunney had nothing to say, but he was ready and willing to talk about boxing.

Anticipating questions as to whether he would return to the ring, Tunney had a prepared statement for the reporters:

"The echo of a rumor at home that I am contemplating returning to the boxing game to defend the heavyweight championship reached me in Italy. This is in no sense true for I have permanently ended my public career. My great wish now is to live quietly and simply for this manner of living brings me most happiness."

SEARCH NEWFOUNDLAND COAST FOR MISSING SHIPS.
St. John's, N. F., Dec. 4 (P).—Search continued today for nine fishing schooners missing since Friday, when they were caught in a storm soon after leaving this port. Three of the fleet of 12 vessels which set sail for Bonavista were wrecked. Their crews were rescued. The steamers Meigle and Beothic have been searching the waters along the Newfoundland coast south and east of here for trace of the missing ships. The largest of the missing craft is the three-masted schooner Neptune, a vessel of 260 tons. Each ship carries a crew of six or eight.

The fleet unloaded its summer catch of fish and took aboard winter supplies here before their departure.

Defendant Wins In Tennis Suit

A verdict, no cause for action, was brought in by the jury in the \$20,000 suit of Dr. Julius Sobin against Jacob Benenson of Nazanoch Tuesday night in Supreme court before Judge Charles E. Nichols.

The action arose when the plaintiff contended that while playing tennis on the courts of the defendant in August, 1928, he backed over a surface roller breaking his shoulder. The plaintiff contended that the roller was left there in a careless manner when it should have been put away.

Testimony was offered by the defense to show that it was virtually impossible for the plaintiff to have played an hour on the court previous to the accident, without having seen the roller. The defense also showed that the plaintiff must have contributed to the negligence.

The plaintiff was represented by the New York firm of Donovan and Horowitz, and the defendant was represented by William D. Cunningham, Vernon Kelder of Ellenville and Frank W. Brooks. Mr. Brooks appeared for the defendant.

A jury was taken Tuesday afternoon in No. 91, Morris Friedlander and Jacob Malamodoff against Fairview Hotel, Inc., an action to foreclose a mechanic's lien. Frank W. Brooks is the acting counsel for the plaintiff and Arz and Tick appear for the defendant.

The plaintiffs, who are contracting painters, brought the action against the defendants because they claim that they did not receive payment for a paint job on the hotel. The plaintiffs contend that they painted the hotel during the month of June, 1927, after they had made a contract with the defendants for the job.

According to the plaintiffs, the contract stated that the painters were to cover the outside of the building with two coats of paint, they were also to paint 50 sleeping rooms and the lobby and several other rooms, and varnish the woodwork. The contract stated that the job was to be started on May 23 and completed about the first week in June.

The plaintiffs further contended, that they found the rooms in bad shape and that before they could paint them they had to do plastering, which was ordered by the defendants as extra and costing \$600. The plaintiffs also painted some 200 screens not included in the contract for which they were to receive \$100 extra. The original contract was for \$2,500.

It was found that the building did not need two coats of paint on the outside, so it was further agreed that one coat would be put on, and that in place of the other, the floors would be varnished. The defendants were to give five notes, each for \$500, for the original contract, all which came due within one year after the date of the job. The plaintiffs presented the notes for payment, and they were protested by the defendants who claimed that the job was not completed in the time specified in the contract, causing a loss of business, and also that the paint was inferior to that promised in the contract.

Plaintiffs also contended that the work was ordered by members of the corporation and that the notes were signed by individuals of the corporation.

Plaintiffs are suing for the full amount of the cost of the labor and materials used in the contract and the extra work ordered. The defendants have brought a counterclaim stating that the damage done to them in opening their hotel late and the inferior workmanship and paint offsets the amount of the plaintiffs' suit.

Plaintiffs found that there were more than 50 sleeping rooms to be painted, and these were painted. The plaintiffs stated that they did not see the hotel prior to the time they signed the contract, and that they signed their estimate upon information given them by a member of the corporation.

Mrs. Lila S. Countryman received a judgment of \$750 damages to her car and \$25 for personal injuries in Supreme court Tuesday afternoon. The judgment was against Roger R. Russi. The action arose out of an automobile accident that occurred on the Rosendale-High Falls road on August 15, 1929.

She stated that she was driving a new Essex coupe and that the defendant passed her several times. He finally cut in across her path and drove her into the ditch. She stated that her car was damaged so that it was worth only \$200, and that it had been valued at \$1,000 before the accident. The action was an inquest, there being no defense. The defendant was arrested for his act shortly after the accident, and he was found guilty.

Our Growing Population.

The following births have been reported to the health department: Ornelo Corconi to Mr. and Mrs. Paul Ornelo of 120 1/2 Downs street at home.

Eugenia Mary to Mr. and Mrs. James Francis Cooney of 45 Abby street at the Benedictine Hospital. Ronald Joyce to Mr. and Mrs. Carlton Deye of 125 Prospect street at the Benedictine Hospital. Ruth Ann to Mr. and Mrs. Maurice L. Cohen of Accord, N. Y., at the Kingston Hospital. Joan to Mr. and Mrs. Henry M. Robinson of Woodstock at the Kingston Hospital.

Autos Damaged in Crash.
On Tuesday afternoon the automobiles driven by Alfred Ballinsky and Leslie Decker collided at Hasbrouck avenue and East Chestnut street. Both automobiles were damaged.

Kemler Claims That City Water Killed His Fish

He Kept Live Carp in Tank and That Acid in Water Killed Fish—Claims Damages—Common Council Acts on Several Damage Claims.

A rather unusual attack on Kingston's drinking water, which has long been thought to be the best in the state, was contained in a claim for damages filed with the Common Council Tuesday evening by Michael Kemler of 22 Ann street, through his attorneys, Brinlinger & Elsworth. In brief Kemler claims that the "acid" in the city water had killed some live carp he kept in a tank at his place on Ann street.

Kemler claimed that the tank was filled with water from the city's water supply and that on November 7, he had 510 pounds of live carp in the tank and the value of the fish was 20 cents a pound. He further claimed that the fish were killed by the "acid" in the city drinking water. The claim was referred to the corporation counsel and the finance ways and means committee.

Reject \$10,000 Claim.
The finance, ways and means committee reported in favor of rejecting the claim of \$10,000 filed against the city by Mrs. Lorraine Hill of 764 Broadway, and the council adopted the report, rejecting the claim. Mrs. Hill claimed she was injured at the time the city fire apparatus responding to an alarm of fire struck a rut in the road at Broadway and St. James street and swerved into a line of cars parked on Broadway.

The claim of George T. Freer of Hurley for \$16.50 for damages to an auto tire sustained, he claimed, when his car ran over a man-hole cover plate in the street and the plate damaged the tire, was also rejected.

Vare Defends Right to Seat

Washington, Dec. 4 (P).—William S. Vare, for three years denied a seat in the senate, today personally appeared on the floor of that chamber to plead his own cause and issued a challenge to those opposing his admission to point to a "single bit of evidence of any fraud or conspiracy practiced by himself or any of my friends in my behalf" in the 1926 Pennsylvania senatorial campaign.

The Pennsylvania, who received the Republican nomination and later was certified as the senator-elect, is just recovering from a long attack of illness. He read from a prepared statement to the senate, defending the expenditure of \$735,000 by his ticket in the primary campaign as necessary.

"I come before you," he said, "with the honest conviction that over three years ago I was regularly, legally and honestly nominated and elected by the people of Pennsylvania as their representative in the United States senate."

"There is only one report before you concerning my election and that is based on an incomplete survey of election records made by paid investigators who for years had been employed by my political enemies in Philadelphia. The man who is responsible for that report of your special investigation committee was paid ten thousand dollars to do the job."

STATE UPSETS MCMAUS DEFENSE TESTIMONY.

New York, Dec. 4 (P).—Testimony favorable to the defense, that a couple occupying a room in the Park Central Hotel November 4, 1928, adjoining Room 349, where the state says George McManus shot Arnold Rothstein that night, heard no shot or noise between 10:30 and 11 p. m., was overthrown by a state witness today.

Sidney Oringer, of Mount Vernon, N. Y., was called to the stand, identified himself as the occupant of Room 347 that night, but said he and his bride of a few hours were not in the room between 10:30 and 11 p. m. the night of November 4. In fact, he said, they were eating their wedding supper with friends in another hotel at that hour. He did not go to Room 347 until 2 a. m., November 5.

Yesterday Detective Patrick Flood testified under cross-examination that James D. C. Murray, defense counsel, had had interviewed third floor guests at the Park Central that night and believed the occupants of Room 347 told him they were in the room between 10:30 and 11 and heard no unusual sounds.

Murray questioned Oringer today as to whether he told Flood that he was in the room at that hour but Oringer said he had not.

Annual Meeting Automobile Club.
The annual meeting of the Automobile Club of Ulster county will be held at Masonic Club rooms on Broadway on December 9, at 8 p. m. There will be entertainment, refreshments, two good speakers and a review of the work done during 1929 as well as a plan outlined for 1930. Officers will be elected.

Says Hoover Averted Panic.
Washington, Dec. 4 (P).—The opinion that President Hoover averted a national business panic by his series of conferences with outstanding industrialists, bankers and others was expressed last night by Senator Charles McNary, Republican, in a radio address.

More Conflicting Tales In Van Loon Investigation

Witness With Poor Memory Recalls Events That His Wife Denies or Fails to Remember—One Witness Swallowed Up In Great Metropolis—Store of Conflicting Testimony Added to.

In an effort to determine how William Van Loon came to sustain injuries on October 5 which resulted in his death, a second hearing was held Tuesday before Coroner W. Norman Conner and additional witnesses were sworn. Van Loon was found along the highway near the Henry Myers place at Highmount during the evening of October 5, with injuries which proved fatal. He died before he arrived at the Kingston Hospital. At the time an investigation was made by Deputy Sheriff Joseph Pessenar of Pine Hill and State Troopers on the theory that Van Loon had been hit by a car. The investigation revealed that this theory was not the correct one and an intensive investigation has since been under way in an effort to clear up the mystery. Van Loon died of internal injuries which caused a hemorrhage and finally death.

At the last hearing, held a week after the man's death, little was learned of how the accident happened and picking up the train of circumstances which that hearing revealed a further investigation was made and additional witnesses were sworn at the second hearing Tuesday. Nothing definite was learned by the testimony of the witnesses, except that there have perhaps been more intentional lies told during the investigation than in any which has come to the attention of the authorities in Ulster county in many years.

Witnesses who were present at various places have testified to directly opposite facts. Others have found a faulty memory a convenience and the record is full of more conflicting statements than one would think possible.

That William Van Loon was not injured by an automobile is almost certain. That someone knows where and how he was injured is certain and why witnesses have perjured themselves to protect some unknown person is still a mystery. That some of the witnesses know how Van Loon came to his death is evident by the manner in which they have testified to protect some unknown person who is responsible for the death.

Sniff Kelly, a witness at a former hearing, is now sojourning in New York city doing some mysterious work, according to one witness. By another he has no visible means of support and is out of work. Just where he is in the city no one knows except that he eats at a certain address in 65th street.

Kelly's whereabouts today are as mysterious as was his exact location on the night of the injury. On that night, Saturday night, he is placed by some at the James Richard place in Fleischmanns and by others he was asleep on a cot at the Henry Myers place at Highmount. Out of all the mix-up comes no suspicion that Sniff Kelly caused the injury to Van Loon, and thus his mysterious absence from Fleischmanns becomes more mysterious.

When Coroner Conner convened the inquest Tuesday afternoon Lloyd R. LeFever appeared for The People and examined the witnesses.

First to be called was Mrs. Emma Richard, wife of James Richard of Fleischmanns, who, according to his testimony, was pretty drunk on Saturday and Sunday when the crime was committed. Richard's mind was so befuddled that he knew little of what happened and frequently during his testimony he reminded the court that he was not in shape to know what was happening. He was to various places where drink was served him during Saturday afternoon, evening and Sunday and Sunday afternoon spent several hours at Peck Hollow asleep in a car. His mind was not clear even Monday morning.

Mrs. Richard, unlike her husband, was pretty sure of her facts. She said her husband was a painter and paperhanger by trade, although he had done but little at his trade for some time for, she said, he probably had not earned as much as \$20 since the date of Van Loon's death.

On Saturday, October 5, Mrs. Richard said she was at home making mustard pickles. Henry Myers and Mrs. Platt came to the house and shortly after another old gentleman came. She did not know him but identified him as Van Loon. Sniff Kelly also came after Myers and Mrs. Platt. The old man came in the front dining room door. He knuckled and asked if he might come in. Mrs. Richard said everyone was there and he went to the kitchen, where the rest of the party remained. She testified that the party remained in the kitchen all night and that she did not see any more of the party.

New Store to Open December 21.
A large force of men were busy today at the new building on Fair street erected for Montgomery Ward & Company, moving in stock under the supervision of the local manager. Several carloads of stock have been received at the West Shore and stored in warehouses at various points about the city. Already a stock valued at over \$85,000 has been received and there is more on the road.

The construction of the building is being pushed so that the store will be open with a complete line of merchandise on December 21. At present the top floor is being used to store the merchandise and a force of clerks, all local, will be engaged by tomorrow marking the stock so that as soon as the building is completed the stock may be installed and ready for business.

Pratt and Wife Injured in Crash

While enroute to Washington to attend the opening session of Congress, Representative and Mrs. Harcourt J. Pratt of Highland escaped serious injury in an automobile accident in Revere, Pa., Sunday. The Congressman was forced off the road at a bad turn by another motorist, who continued on his speedy journey. The Pratt car crashed into an automobile parked along the highway, completely demolishing it and causing taking the front porch off a house.

Mr. and Mrs. Pratt were injured about the legs but were able to continue to the National Capital, a distance of about 175 miles. The automobile was damaged but was able to run after some repairs.

Flashes of Life Sketched in Brief

Washington—Mrs. Hoover has
been shopping early. Friends will
receive at Christmas various fancy
things of leather, metal, woodwork
and basketry made by war veterans
at Walter Reed Hospital.

Sydney, N. S.—For Christmas King
George is to receive a pair of water-
proof buckskin moccasins with vel-
vet tops and embroidered with silver
and gold beads. They have been for-
warded by the maker, Mary Ann
Googoo, a member of the Micmac
tribe, who, having prayed for the
king's recovery, hopes her present
will guard him against the rigors of
winter.

next Sunday. The boys also ex-
pect to discuss the benefits of the
conference and their experiences at
the weekly meeting of the H-Y Club
tonight and Stuart Parks will give
a report at a coming meeting of the
Y's Men's Club.

One thousand and eleven boys
from all parts of New York state
were registered at the conference,
and Rochester proved a very hos-
pitable host. Visiting delegates
were entertained in private homes
and the boys from here say that they
were well cared for. The various Y.

ter has several nice ones, were

Wins Wife as First Prize!
IF you don't think your whole life
can be changed by chance, read
this. It is the story of a young man
who was pretty well down and out,
but he figured he might win a prize
if he took some advice.

"As far back as I can remember
I had been a weakling," says Mr.
Calvin L. Floyd of Orlando, Florida.
"A headache, it seemed, was to be
my life companion. I was always
dizzy in the mornings. Nothing I

also seemed good for me. Then I
attended a health lecture in a san-
atorium and the physician talked on
"faulst elimination." That was cer-
tainly my trouble. One of the patients
asked him about Nujol. He recom-
mended it highly. I decided to try
one bottle to see if there was any-
thing in what he said about natural
lubrication for the human body.

"Long before I had finished the
first bottle my 'companion-headache'
was gone. No more tired out feeling.
I got a real kick out of life now. By
the way, I almost forgot to tell you
I found a new life companion, too!"

Perfectly simple, wasn't it? Mr.
Floyd just learned the normal nat-
ural way to get rid of bodily poisons
(we all have them) and nature did
the rest. Why shouldn't you be well?

Nujol is not a medicine. It con-
tains no drugs. It is effective, as
you will be "regular as clock-work."
You can buy it at all good drug
stores in sealed packages for less
than the price of a couple of good
cigars.

Begin today. Millions have found
that Nujol makes all the difference
in the world. Nujol will make you
feel fine and you can prove it.

Many a life changed by a
message like this one.

thrown open to the boys' use and
many of the boys enjoyed the privi-
leges offered there.

Part of Saturday afternoon was
designated a recreation period and
one of the features was a basketball
tournament. Amsterdam, Elmira,
Kingston, Geneva, Glens Falls,
Seneca Falls and Syracuse had
teams entered in this contest and it
was run on an elimination basis.

The Kingston team, composed of
McEntee, Myers, Baltz, Brodhead, H.
Van Deusen, Quick, Ingalsbe and
Parks, after a series of well-played
games, finally emerged as confer-
ence champions. The local team de-
feated Amsterdam 16-15; Seneca
Falls, 44-21; and Glens Falls, 20-16.

Geneva, Elmira and Syracuse were
eliminated in the earlier games.

All of the seasons were held in
the Rochester Chamber of Com-
merce building. The forums on
Religion, Sex, Vocations, College and
Health were ably conducted by ex-
perienced and sympathetic leaders
and these meetings proved very
beneficial to the boys. Addresses, by
men acquainted with the problems
boys face, were the outstanding fea-
tures of the general assemblies, and
a great deal of interest was taken
in a series of one act plays such as:
"The Football Star Cheats" and
"Getting Away With It." These
plays showed in a very vivid way
some of the problems boys must face
today and then the discussion groups
tried to determine what was the
right or Christian thing to do under
such circumstances.

The local boys made the trip to
Rochester and back in one of the
big Rip Van Winkle busses and were
accompanied by thirteen boys from
Newburgh. Those attending from
Kingston were: Harland Wilbur,
William E. Gildersleeve, Francis V.
Phillips, George C. Kent, Herbert
Van Deusen, Burton Van Deusen,
Warren A. Russell, Hamilton Boyd,
Jr., Palmer Brodhead, Dwight C.
Parker, Clifford V. Bunting, Harold
A. Quick, Spencer Myers, Earl Pet-
tinger, Donald Buswell, Harry Le-
bert, Dwight McEntee, Stuart Parks,
Chester A. Baltz, Jr., Harry S. Van
Derzee, Warren Ingalsbe, N. H.
Fuller.

Brussels Sprouts Old
It is said that Brussels sprouts
have been grown from time immem-

they were not described by botanists
until 1623, when Bauhin names them
and tells how some plants had as
many as 50 heads. They were first
mentioned in America in 1896 by Mr.
Mahon.

Struck by Car, Driver Runs Away

George Robinson of 182 O'Neil street was struck by an automobile Tuesday evening and the driver of the car ran away, abandoning the automobile. The auto, license number 2A-2735, owned by Joseph Burke of Catskill, was in front of the residence of Senator Wicks on Albany avenue, with a broken wheel. It was towed by the Kingston Taxi Company to their garage.

Fancy articles will be on sale at 5:30 and at 7:30 o'clock. A two act comedy will be given by the Epworth League, entitled "Miss Molly." On Thursday evening two sketches will be given. Everyone welcome.

POISON GAS MAY CLAIM TWO MORE VICTIMS

Buffalo, Dec. 4 (AP).—Poison gas, accountable for two deaths in the home of Aloysius G. Wierckmann here Sunday, may claim two more lives, physicians at a hospital here said today.

Mrs. Gertrude Wierckmann, 25, widow of Mr. Wierckmann, who was killed Sunday, and Mrs. Julia Hoff, 52, were pronounced in a critical condition.

Fumes from a gas heater in a garage below the Wierckmann apartment were held responsible for the deaths of Wierckmann and his sister-in-law, Mrs. May Bernhard and the overcoming of six others. Four of the six were reported as recovering.

Sears, Roebuck-Penney Merger.

Negotiations for a \$200,000,000 merger of Sears, Roebuck & Co., and the J. C. Penney Company into the largest merchandising organization in the country are in progress. Reports of the big deal circulated Tuesday were confirmed by Julius Rosenwald, chairman of Sears, Roebuck & Company, according to The New York Times.

Farm Bureau Elects Officers

The afternoon session of the annual Farm and Home Bureaus meeting Tuesday at the First Dutch Church brought many pleasant surprises to the members of the associations. First among the surprises was the announcement that the membership for 1929-1930 in the Farm Bureau was larger than in 1928-1929. At the annual meeting last year there was a membership of 527 while Tuesday the membership reported was 557.

Manager Kurdt gave a summary of the report of the year's activities, a complete report of which was recently published in The Freeman.

Directors for the Farm Bureau were elected at the session and Millard Davis of Kerhonkson, C. C. DuMont of Ulster Park and E. W. Hathaway of Kingston were re-elected directors. Following their election a meeting of the directors was held for the purpose of electing officers. Millard Davis was again elected president, C. C. DuMont, vice-president, and E. W. Hathaway, secretary-treasurer.

The committee on resolutions reported two.—One that the next annual meeting be held at Stone Ridge and that it be an afternoon meeting, and a second that the meeting go on record as being opposed to Daylight Saving time. On the latter resolution there was considerable discussion, but both were finally adopted. The annual meeting next year will be again held on a separate date from the annual banquet. This plan, tried out for the first time this year, gives many an opportunity to attend both meetings, while if both meetings were held the same day many were able to attend but one and they usually selected the banquet, and thus very materially cut down the attendance at the business session during the day.

The Junior Extension Board, which will have in charge the work of the 4-H Club, which will be organized during the coming year, was selected. It is anticipated that there will be nine directors on this board, to have entire supervision of the work. Two members were appointed from the Home Bureau, Mrs. Fred DuBois of New Paltz and Mrs. William W. Warren of Hurley, and three members of the Farm Bureau were selected, as follows: E. W. Hathaway of Kingston, Fred DuBois of New Paltz and Millard Davis of Kerhonkson. It is the intention of the Farm and Home Bureaus to invite the three district school superintendents to become members of the board and to invite the Pomona Grange to select the ninth member. The attendance in the afternoon was slightly larger than at the morning session.

In the membership campaign the following report by communities was offered:

WEST SHOKAN.

West Shokan, Dec. 3.—Along with Thanksgiving came a real taste of winter weather. A beautiful mantle of white covered the landscape on Thanksgiving morning.

The Colange wedding party eclipsed by far any of the season's social activities. The attendance was exceedingly large as friends from far and near gathered to share in the happy occasion. Foster's orchestra furnished the music for dancing, which was enjoyed. At 10:30 satisfying refreshments were served in abundance. The fruit punch was pronounced positively the best ever. Following refreshments dancing was resumed with increasing fervor and stalwart masculine forms, for many a year past immune to the bewitching charms of the dance, with a surprising agility, tripped the light fantastic. Mr. Colange spared no expense in giving all an occasion for pleasant memories along the path of life. To the newly married couple, Mr. and Mrs. Colange, the well wishes of many friends are bestowed for a happy and prosperous wedded life. To William V. Colange just credit is due, known here since boyhood, at the head of his class in school, sitting up late at night in study, ever industrious, he has by his honesty and business integrity ascended step by step the ladder of achievement to the ownership of his present successful mercantile business and one of the most valuable property sites in the reservoir section.

To Delancy N. Mathews of Kingston, who on Friday celebrated his 80th birthday, his old-time friends and neighbors in Olive extend sincere greetings and trust that so useful and respected a man may yet be spared beyond his four score years of life, the greater portion of which was spent as a resident prominent in religious, civic, political and business circles in the town of Olive.

Mrs. Minnie Smith recently spent a few days at home here, making ready for her new tenants, Mr. and Mrs. Miller of Olive Bridge, who have moved into her bungalow. Mr. Miller, who has a milk route through the Olive Bridge section, will now start picking up milk at this end of the route, probably being at the Bushkill sector and extending along the mountain road through by High Point Springs Farm, thence to producers along his regular established route. Mr. Miller also announces his intentions of

The Odd Fellows annual Thanksgiving supper was as usual in every way a big success. Although the night was somewhat stormy, the attendance was large, well toward 200 people being served. The supper stew was well prepared and served piping hot and in abundance. For dancing music was furnished by the Mechanics' orchestra of Kingston.

Annual Meeting Savings and Loan.

The annual meeting of the Kingston Cooperative Savings and Loan Association will be held at the office of the association at 292 Wall street, January 2, at 7:30 o'clock, to receive and act upon the reports of the officers and for the election of directors for the ensuing year and to transact such other business as may come before the meeting. Every shareholder is entitled to one vote for each share of stock held. The polls will be open from 7:30 until 9 o'clock.

Children in Great Danger.

The police department was notified Tuesday afternoon that a number of children were sleighing on Fair street extension and were in great danger of being run down by automobiles. The matter was turned over to the board of public works and the same were scattered in the road to prevent the children from sleighing.

Gave His Life for Passengers.

Westover, Ark., Dec. 4 (AP).—Harry Richardson, 49-year-old pilot, observed the code of the Mississippi yesterday and gave his life for his passengers. Rivermen today said that either he burned to death or was drowned when his ferry boat, The Nancy F., caught fire about 200 yards off the Arkansas side and sank. Fifteen passengers and six members of the crew were rescued in bitter cold weather late yesterday. Richardson was seen aboard the burning boat buckling a life belt on a frightened six-year-old girl. He tried to comfort her and then threw her overboard near a lifeboat which picked her up. Passengers in lifeboats saw him dash into the cabins and a minute later The Nancy F. sank.

Verdict For Scrap Injury.

Miss Elizabeth Mulligan, 22, Poughkeepsie school teacher, was awarded \$3,400 Tuesday by a jury in Supreme Court against the Poughkeepsie City Board of Education, Inc., operators of a beauty parlor owned in Lackey, Platt & Company care in Poughkeepsie. The jury found the parlor for damages sustained in the summer of 1928 when she was injured on the scalp while receiving a permanent wave at the shop.

For information:

Well, we sincerely hope everybody has all the satisfaction and fun of last year's Christmas presents.

There's a lot of Jude Johnson's in Kingston.

Jude Johnson called on Tuesday, to tell us how the federal government should be run. He said he had a lot of things to say about the government, but he didn't want to say them until he had a chance to see the president.

The fields are white with the harvest and the pool-rooms are crowded.

And now we listen to the sad story of the wife who put the acid in the mustard pie and baked the kitchen stove.

The butcher, the baker, the candlestick maker, the wife and the husband, they were all in the kitchen, but there was a reason why, just at this season, I still have a chance at some fun. Without much persuasion, it gives the occasion to help out over this one—Merry Christmas.

People ought to pay the doctor as promptly as they expect him to come when they call him.

They were seated at a table in a night club. Suddenly there was a loud crash. "Come," he said, taking her hand, "let's dance." "Don't be foolish," she answered, "that wasn't the orchestra. The waiter dropped a tray of dishes."

A pessimist is a man who wears both belt and suspenders.

Little Albert came home one evening with his clothes full of holes. When his mother asked him for an explanation, he said: "Oh, we were just playing grocery store and everybody had to be something, so I was the cheese."

Jones: "All rules have exceptions." Bones: "Oh, no. I know one that hasn't."

Jones: "What?" Bones: "The world never stops going around."

Jones: "Oh, that's the exception to the rule that all rules have exceptions."

Don't pray for rain. If you think you need a shower, take it!

Ants, we read, can lift weights which are tremendous as compared with their own. Wasps also can raise quite good-sized lumps.

High blood pressure is doing much for the doctors, but the doctors are doing little for it.

Ask the average man how much money a person should have in order to be satisfied, and his reply will be: "Oh, just a little bit more."

Home Bureau Annual Meeting

There was a much larger attendance at the afternoon than at the morning session of the Ulster County Home Bureau, held in conjunction with the Ulster County Farm Bureau, at the chapel of the First Reformed Church on Tuesday. There were those present who felt that could meetings begin exactly on time, more people might attend as that would give assurance of getting through in time to catch outgoing buses. With a meeting called 26 minutes late, much better than formerly, however, much time is lost when, as in the case of the Home Bureau alone there are some 20 women waiting.

Miss Mary Devo, chairman of the Home Bureau, gave her annual message to the members as follows:

"The usual trite expression is beginning any report is that 'We have had a very successful year,' and we truly can say it. Two new units have been added to the family, and one of these is so full of pep that the older ones can scarcely keep up."

"One of the outstanding events of the beginning of the year was a gathering of all the presidents and leaders of all the county organizations. About 55 women enjoyed a luncheon and plans were made and committees appointed to arrange for the three-day school for mothers of pre-school age. These meetings were well attended."

"We had Miss Nye in the county to tell us how to live with our families. Dr. Wilker told how to train the small child, and now Mrs. Seidmore is giving her course on house furnishings. Someone has said that a home was a parking place for father from 10 o'clock at night to 7 in the morning, and a filling station for a little oatmeal and coffee. Mrs. Seidmore is giving help in the arrangements of furniture and curtains, etc. Several homes are being redecorated under her supervision and next spring we will visit these homes to study the changes."

"Now from different parts of the county where there is no organized unit there is coming calls for the Home Bureau work."

"We have heard that that small community, Montela, is just 'hungry' for Home Bureau work."

"Now these people are in Ulster county and if they want Home Bureau work we ought to give it to them."

"Now Miss Nance is going every day and good many nights and Saturday to the organized communities. Flesh can stand only just so much; she

needs help. All this leads up to the need for more money. Last year the college had a fund which they gave us for an assistant agent. We may not see it this year, some other county may be the fortunate one. Mrs. Bond of Milton helped us last year and we can have her again if we only have the funds."

"We do hope that our pocketbook will be supplied with more funds. You all know how Ulster county was the dramatic contest and the cast will go to farmers' week to try and win the state prize."

Three directors of the Home Bureau were elected as follows: Mrs. C. C. Hardenbergh of Stone Ridge, re-elected; Miss Mary Devo, Forest Glen, re-elected; Mrs. F. S. Osterhoudt, Shandaken, a new member.

Brief reports were given by representatives of the various units, and the membership to date was increased over the report in last evening's issue of the Freeman, as follows:

The membership to date by communities is as follows:

Asbury	33
Flambush	22
Gardiner	27
High Falls	42
Hurley	28
Kerkhousen	13
Kingston	34
Lake Katrine	21
Lomaxville	29

Miss Nance gave a brief but very valuable resume of the year's work, hitting the high spots of a fuller report given by her officially. She told the women present that in joining the Home Bureau they were joining forces with 28,000 women in the state, affiliated with Home Bureaus, and were also joining hands with Uncle Sam in an effort to create better and happier homes in their respective communities. The present membership of the Home Bureau, Miss Nance found to be the largest in the years she has been here, with the time come when the Bureau must ask of that large membership more help in carrying on the work.

One of the main efforts of the Home Bureau this past year was that of meeting the social needs of the communities, and over 2,000 people had gathered together for social pleasure only. Miss Nance regretted greatly that in the matter of dramatics, the Home and the Farm Bureau, too, had fallen down badly. While the number of hands raised showed conclusively that the members heartily believed in and endorsed dramatics as a thoroughly wholesome form of recreation, there was only one group in attendance upon the county contest outside of the group including the performers. At that the success coming to Ulster county had come through the Graces, rather than through the Home Bureau.

Another new work taken up was that of fostering a way of meeting economic needs in the homes by helping home makers to also make things in their homes that they could sell. This had been accomplished through the introduction of home crafts, and so far as reports showed, \$253.50 worth of such work had been sold, while through other means the housewives of the county had been saved in dollars and cents the sum of \$138.

Through their health and nutrition projects, the Home Bureau had been able to help 90 people to better health, a splendid preventive measure against illness of whatever sort. Furthermore 500 people outside of Ulster county had been reached through our boarding houses which have drawn many guests, because in Home Bureau boarding houses better food was found. This brought hearty applause from both the Farm and Home Bureau. Miss Nance told just one story of individual gain through this work, of inestimable value. In one home the son was in such a physical condition that his life was despaired of when the Home Bureau was able to help the mother in getting the boy himself to eat the foods that he needed for restored health. After a good fight well fought for some four years, the boy has just passed a perfect physical examination, with the credit entirely due to the Home Bureau efforts. Along the health line, one diphtheria clinic had been held, immunizing sixty children.

Nor had the Home Bureau neglected the artistic side of home life. Seven homes in the county are being redecorated and refurnished, in the wish for more beautiful homes, and later in the season it will be the privilege of the Home Bureau members to visit these homes. Also landscaping, especially about school and church grounds, including the planting of 175 trees and shrubs, had been successfully carried on.

Food preparation meetings, which were included in homecrafts, had brought out some 1,622 women and small meetings had been attended by some 2,900 women.

Miss Nance reminded those present that every woman has some creative ability and urged the women to make the most of such ability. The development of leadership among the women of the county was urged, for it was not growing as Miss Nance thought it should. Asking her audience to think of an eighteen room school house with the rooms redecorated over the entire county, Miss Nance asked if it did not seem a large task for any principal to do all the teaching in these rooms in addition to administrative work such as she was expected to do. Nor did she consider such teaching necessary with the many able and competent women in the county who could help her, many of them because of their experience and training better fitted for the task than she felt herself to be.

Miss Nance closed her report with a recital of the Home Bureau Creed, which was as follows:

The Home Bureau Creed.

To maintain the highest ideals of home life; to count children the most

important of crops; to so mother them that their bodies may be sound, their minds clear, their spirits happy, and their characters generous.

To place service above comfort; to be loyal to high purposes; to be courteous; to let neighborliness supplant hatreds; to be discouraged never.

To lose self in generous enthusiasm; to extend to the less fortunate a helping hand; to believe one's community may become the best of communities; and to cooperate with others for the common ends of a more abundant home and community life. This is the offer of the Home Bureau to the homemaker of today.

RUBY GREEN SMITH.

In conjunction with the Farm Bureau, the Home Bureau appointed Mrs. Fred Dutton of New Paltz and Mrs. William Warren of Hurley to act as members of the Board of Control of the soon to be formed 4-H Club.

Mrs. Young was called upon for a report on the musical project and told of the efforts to put across musical memory contests in many schools, which can so easily be done these days with radio, talking machines, etc. Many of the 4-H bands are successfully broadcasting at present.

As a result of the reading of resolutions prepared by the committee, William A. Warren, chairman, it was voted by the women to hold the next annual meeting at Stone Ridge, with a luncheon served in one of the churches, followed by a peppy annual meeting to be held in the Grange Hall. It was further voted to go on record as favoring Standard instead of Daylight Saving time in the future. Because of the lateness of the hour and the necessity for many of the women to catch busses the report on the recent Federation conference, prepared by Mrs. Paltridge and to have been read by Mrs. Young, could not be heard, a matter of regret.

Rosendale Home Service Class

The next home service class for the Rosendale district will be held at 2:30 o'clock, Thursday afternoon, December 5, in the office of the Central Hudson Gas and Electric Corporation.

At this class tied and dyed work will be featured by Miss Elizabeth R. Plank, home service director. Members of the class will discover that many fascinating accessories to the feminine costume which add a bit of harmonizing or contrasting color in fanciful designs can be easily made by them in their own homes, as well as various artistic home furnishings. Scarfs and handkerchiefs of silk and georgette, luncheon sets and room hangings can emerge from the dye pot in an arrangement of colors in pastel shades or the bright modernistic tones, as the individual gift maker desires. No special skill is required. Attractive gifts are easily fashioned with a

small expenditure of money. Complete samples of this work will be shown and an actual demonstration given.

While tie-dyeing is to be the main topic of this lesson, the holiday appetites will not be neglected. Something new in a Christmas menu will be demonstrated and recipe sheets will be given out.

The women of this community and vicinity are cordially invited to these classes, which are open to the public without charge.

Spencer School Dance.

The annual dance given by the students of the Spencer Business School will be held Tuesday evening, December 10, at the Y. W. C. A. on Henry street. The students of the school extend a cordial invitation to all alumnae of the school and their friends. Tickets may be obtained from Professor Kelly by applying at the school or from any of the students. The Nighthawk Club Orchestra of this city will furnish the music.

Relief From Kidney Ailments, Stomach Ills; Nerves Strengthened

Second Avenue Lady Pays High Tribute To Dr. French's Nu-Erb For Splendid Relief.

"The Nu-Erb has helped me in many ways, that I consider it my duty to recommend this splendid medicine to others," said Mrs. W. Schroder, 276 Second Ave., Kingston, N. Y., in a recent interview with the Nu-Erb specialist at Melville Drug Store, 312 Wall St. "For the past two years, I had been suffering from weakened kidneys, backache and nervousness. I'd have to get up several times during the night to relieve my kidneys, my bowels were very irregular and I had no appetite to speak of."

"All that has changed since I have used the Nu-Erb. My kidneys now are apparently in first rate shape again, the pains have left my back and I am seldom disturbed at night. I am no longer troubled with constipation, my nerves are steady and I am feeling better in every way than I have for several years."

Melville Drug Store, 312 Wall street, is headquarters in Kingston for Dr. French's Nu-Erb. Go see the Nu-Erb man now making his headquarters there and let him explain to you the merits of this remarkable medicine.

20 DEATHS IN SOUTH AS COLD WEATHER CONTINUES.

Atlanta, Dec. 4 (AP).—Frigid weather which has long overstayed its anticipated visit retained a stranglehold on the sunny south today, keeping the death list to an even thirty. Forecasters will insist on a continuation of rising temperatures which materialize shortly and carry the mercury above the freezing point.

Clear skies and biting winds prevailed again on the Gulf coast with the thermometer readings there in the mid- to twenties. Dixie was free of snow and sleet, however, with the exception of Kentucky, which has borne the brunt of the cold snap.

Report of the Ulster County TB. Hospital

The following report of the Ulster County Tuberculosis Hospital for the fiscal year ending November 1, 1929, was filed with the Board of Supervisors of Ulster county:

The Ulster County Tuberculosis Hospital completed on November 1, 1929, its twentieth annual year with the following officers: Hon. Joseph M. Fowler, president of board of managers; Dr. Mary Gage-Lay, Dr. Mark O'Meara, Edward Young, Dr. Raymond S. C. Campbell, medical superintendent of the hospital and official secretary and treasurer of the board of managers.

Records indicate regular examinations. "The dietary appears suitable and the meals properly prepared." It is to be hoped that a new hospital will be obtained as speedily as possible.

Meanwhile, an appropriation of \$18,644 for the ensuing year is requested of the Board of Supervisors. Respectfully submitted, RAYMOND S. CAMPBELL, M. D., Superintendent of the Ulster County Tuberculosis Hospital.

"Showing Off" At Police Ball

The comedy team of Dare and Yates will present a travesty called "Showing Off" at the second annual ball of the Kingston Patrolmen's Association on Wednesday evening, December 11, at the state armory. This is but one of the many entertaining acts to be presented in the entertainment feature of the ball. The comedy team appear as an acrobatic team from the tall grass, bungling, awkward, incapable but cocksure of themselves. This is a hilarious bit of burlesque, and is sure to make a hit with the patrons of the ball.

Following the entertainment program there will be excellent music furnished by two dance orchestras. Judging from the number of tickets that are being sold the police pension fund will be increased by a very material amount as a result of the ball.

ARRANGE FOR CHEST CLINICS IN ULSTER COUNTY.

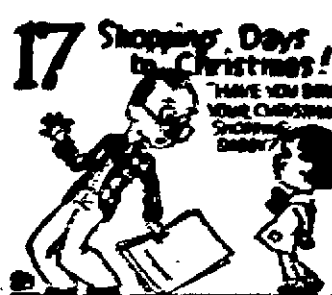

Realizing the importance of the early diagnosis of tuberculosis, the local health officers have requested Miss Hagelweide, county tuberculosis nurse, to complete arrangements for consultation clinics in the following places:

Kingston, K. C. Hall, 389 Broadway, December 12 and 13.

Highland, Masonic Hall, December 16.

Saugerties, Firemen's Hall, December 17.

The State Department has assured Miss Hagelweide that they will supply three examining physicians in Kingston, two in the county and X-ray equipment. These clinics are of inestimable value to the community and it is hoped that those who have symptoms referable to the chest will make application through their family physicians for special examinations.

Of the 14 cases discharged from the hospital 4 were discharged as apparently recovered or cured, 7 that are being sold the police pension fund will be increased by a very material amount as a result of the ball.

Of the 42 patients treated during the year 2 were incipient cases, 13 were moderately advanced cases, 10 were advanced cases. When it is considered how many fell into the latter groups, the total of only 6 deaths is noteworthy.	
During the year a total of 7,485 hospital days were given. Distributed by months as follows:	
January	646
February	561
March	600
April	624
May	614
June	618

November	\$1,375.78
December	1,505.57
January	1,494.55
February	1,553.48
March	1,419.72

Other expenses (telephone, insurance, fees).	206.80

Dividing the total cost of operation by the number of hospital days gives the cost per hospital day, or cost per day per patient, this was \$2.456. This sum compares favorably with 1928 when the cost per hospital day was \$2.70, and 1927 when the cost was \$2.90.

The cost of maintaining the hospital was greater than the budget of \$17,500 allowed by the board for the fiscal year by \$883.93. During the year it was found necessary to install a new drainage system of sewerage disposal which cost the hospital about \$450. This partly explains this year's deficit. There was a total of \$1,740.50 collected from pay and part-pay patients. Subtracting this sum from the total maintenance expenses makes \$16,643.43, the net operating cost to the county, well within the budget.

Besides the new drainage system the hospital was painted, and a new set of "cure chairs" bought, and other minor improvements made and supplies bought.

Many citizens of the county expressed their interest and sympathies by contributions. The Garden Club of Ulster county continued its custom of furnishing flower boxes filled with flowers for all the window sills. Burgerville's again contributed a splendid flower bed. The Kingston City Laboratories continued to do all the laboratory work for the hospital free. Faithful services under adverse conditions were rendered by the hospital staff, and special mention must be made of the efficient services of the head nurse, Miss May Ward. Miss Rose Kress functioned as Occupational Therapist to the hospital.

The need for a new hospital can be seen by an extract from the report of the inspection of the hospital by the State Department of Social Welfare: "The plant remains as described in previous reports, maintaining its unenviable position as the worst county tuberculosis hospital in the state, affording neither facilities for proper treatment nor even ordinary comforts."

"Progress on the new plant for which a site was purchased more than two years ago has been disappointingly slow. It is stated that the building plans are completed but no contracts have yet been let. It is impossible to avoid the suspicion that the delay is due largely to the lack of real interest on the part of those responsible."

"The present buildings are frame. They are kept clean and the internal administration seems good. "Facilities for laboratory, X-ray and heliotherapy are lacking. A portable X-ray machine was brought to the hospital last fall and most of the patients were X-rayed at that time. "Two day and one night nurses are employed."

Concert Pleased Large Audience

Sudden Change in Program Caused by Illness of Stringwood Ensemble Members Did Not Affect in Least Point of View of Those in Attendance.

A very pleasing concert was given by the Harmonic Trio of New York City, assisted by Lawrence Strauss, tenor, at the Kingston High School Auditorium on Tuesday evening, as the second of the series of concerts given under the Kingston Community Concert Committee of this city.

While this was not the concert scheduled for the evening, owing to the sudden illness of two members of the Stringwood Ensemble of the New York Philharmonic Symphony Orchestra, the audience enjoyed it and showed appreciation in hearty applause.

It seemed good to have the audience brought into tune with the players at the beginning of the program with three familiar and always well liked numbers, one of the favorite "Mouseton Musicale" by Schubert, the "Hymn to the Sun" by Rimsky-Korsakoff and "Spanish Dance" by Granados, as played by the trio composed of Mitscha Koff, violinist; Naom Benitzky, cellist; Edith Hareem, pianist. The numbers were well played.

Lawrence Strauss has a voice of very pleasing quality and there is a clear enunciation. He was well accompanied by Elizabeth Alexander, singing as his first group of songs, "Lamento Tronante" by Schubert, "Jardin d'Amour," by Schubert, "Die Forderung" by Schubert, especially well sung, and "Devotion" by Richard Strauss.

Naom Benitzky, the cellist, is a rather young soloist with considerable real talent and a promising future. His cello sang through the "Elegie" by Faure, in very pleasing fashion. The technical difficulties of the Saint-Saens "Allegro Appassionata" he handled admirably, putting considerable fervor in his rendition of this dramatic number.

"An Old Carol," by Roger Quiller was a quaint song, neatly sung by Mr. Strauss, followed by "Do Not Go, My Love," by Hagenman, a love song well suited to his voice and sung with dignity. The old Irish song, "My Father Has Some Very Fine Sheep," showed the tenor in quite a different musical light, and the number was very much enjoyed. His last number was the dramatic "Cargoes," by Dobson.

The musicians were generous in their response to encores.

The last solo group was played by Mitscha Koff, violinist, who possessed a virile style of playing, did not put a little feeling into his interpretation of the "Prelude Allegro" by Fugnant-Kreisler. His playing of the "Persian Song" by Glimka-Zimbalist was really lovely. His last number, "Introduction and Tarentelle," by Sarasote, was a spirited number.

The finest number on the program was the concluding "Trio in C Minor," by Brahms, the Andante Grazioso movement being graceful, while the "Allegro Energico" movement offered fine musical thought well executed by the players whose ensemble was excellent.

Miss Grace Lockwood of New York city spent Thanksgiving Day at the home of Miss Margaret Quimby. Mr. and Mrs. Edward Gaffney of Albany visited the former's parents, Mr. and Mrs. D. J. Gaffney, on Thursday. Mrs. McSavage of New York spent Thanksgiving Day with her parents, Mr. and Mrs. P. J. McGuire. Theresa Hannigan and brother were dinner guests of their sister, Mrs. P. Gaffney, of New Paltz, on Thanksgiving Day. The Misses Anna and Sally O'Neil of Kingston were week-end guests of the Misses Mary and Sara Newell. Miss Juliet Barry spent Thanksgiving with friends in New York city. Mrs. Garrison and daughter of Philadelphia spent the holiday and week end with her sister, Mrs. Charles Brogan. Mr. and Mrs. C. G. Clark and Helen and Miss Mary Newell were guests of Mr. and Mrs. Martin Lyons of Milton on Thanksgiving Day. Miss Loretta Berkery of Yonkers spent the holiday and week end with her parents Mr. and Mrs. M. Berkery. Harvey Gale of Red Hook spent the holiday and week end at his home here. Mr. and Mrs. C. G. Clark entertained at a dinner party at her home on Saturday evening. The guests were Mr. and Mrs. L. H. Fowler of New York city and Mr. and Mrs. E. G. Fowler, Mr. and Mrs. Frank Baker and Theodore Baker of Marlborough. Mrs. Russell Kohl of Middle Hope, a member of the Marlborough High School faculty, addressed the Sunday evening audience at Mountainville recently. Mrs. Kohl spoke on "The Land of Desire." Mr. and Mrs. Martin Tompkins visited Mr. and Mrs. Gidian Tompkins of Highland recently. Mrs. Robert Cole will entertain the ladies of the Presbyterian Church at a thimble tea Thursday afternoon, December 5. Mr. and Mrs. Raymond Mackey were dinner guests Thursday of Mr. and Mrs. F. N. Johnson. Mr. and Mrs. Joseph Bloomer were guests of Mr. and Mrs. A. C. Jenkins in Milton on Thanksgiving Day. Mr. and Mrs. Thomas Newell, daughter, Sara, and sons, John and Fred, attended the wedding of Miss Helen Conner and Henry Hecker, at the home of the bride's parents, Mr. and Mrs. Owen Conner, at Highland on Thursday afternoon. The marriage ceremony took place in St. James rectory at Milton. The Rev. Pallister officiated. Mrs. Newell is an aunt of the bride. Barney Herberich has been making

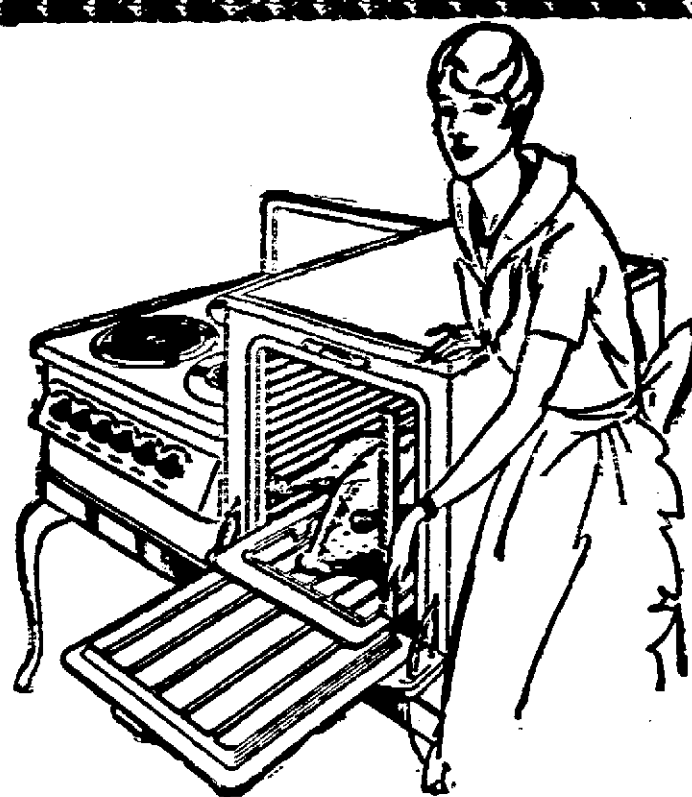

extensive improvements on his residence on Hudson Terrace. E. J. Ransome of Poughkeepsie, spent Friday with his daughter, Mrs. L. Fredericks. Mr. and Mrs. Edward Clark and grandson, Ralph Clark, of Marlborough were guests of Mr. and Mrs. Gedney Mackey Jr., at Milton on Thanksgiving day. Mr. and Mrs. Conrad Bolde of Highland and Mr. and Mrs. John Quick and family were Thanksgiving day guests of Mr. and Mrs. Martin Tompkins. Mrs. Chauncey Scott has been spending a week in the Bronx, where she is the guest of her daughter, Miss Viola Scott. A chimney fire at the Eckerson home Wednesday morning threatened damage. Mrs. J. A. DuBois and Mrs. Walter Rand went to Cohoes to be with the latter's sister, Mrs. Moore, who underwent a serious operation. Returning they brought two Moore children to Marlborough for a few days. Miss Helen Gaffney with friends from Mt. Kisco spent the holiday and week-end in Washington, D. C. Mr. and Mrs. William Swartz entertained at a dinner party on Thanksgiving in honor of their 19th anniversary. The guests were Mrs. Mary Swartz, daughter, Nellie, and son, Joseph, and Mr. and Mrs. John McCarthy and family. LAST NIGHT on the RADIO

Continuing the broadcasts from Station KHJ, Los Angeles, over the nationwide network of the Columbia Broadcasting System, from 9 to 10 p. m., New York Standard Time, the Old Gold-Paul Whitehead hour will be heard Tuesday, December 10. The King of Jazz will present a number of new popular Hollywood dance tunes, such as "Wouldn't it be Wonderful," "The Header Hop," "If You Were the Only Girl" and "Look What You've Done for Me".

Songs of bright college days, when the peaceful quiet of the campus was shattered by undergraduate experts in close harmony, will be featured by the Old Company Singers in their weekly Songbook, which will be heard through WEAF and associated stations on Sunday at 5:30 p. m. "The Siren Song," "The Lone Fish Ball," "My Last Clear," and other old favorites are included in the program.

Mary Garden, internationally famous opera star and creator of many famous roles, will be the featured artist in the program to be broadcast by the Radio-Victor Corporation on Thursday evening, December 19, at 10 o'clock, Eastern Standard Time, from Station WEAF through the N. B. C. System. Miss Garden's program will include several of her most successful concert numbers and operatic arias.

OVER 1,100 ATTEND MARLBOROUGH SUPPER.

Marlborough, Dec. 3.—St. Mary's Hall at Marlborough was the mecca for chicken dinner lovers from all over this section of the country Wednesday night, November 27, when over 1,100 persons were fed at the annual dinner put on by the members of St. Mary's Church.

There was scarcely a city or a village in this section that was not represented, and the long tables were kept filled to capacity from before 5 o'clock in the afternoon until 9 o'clock that night. 1,000 tickets were sold and 112 paid for their dinners at the door. Total proceeds were \$1,112. Everything from celery to ice cream was donated by members of the church. The money is to be used for the debt retirement fund on the fine new church that was built at Marlborough four years ago.

It was some job handling the immense crowd that gathered. The 25 or more ladies in the kitchen vied with the 32 men waiters in taking care of everyone quickly and attentively. Needless to say, everyone worked hard.

Members of the church contributed between 250 and 300 chickens for the feast, and all were roasted, as is customary, by Herberich's bakery without charge.

F. N. Westgate of Newburgh donated 30 pounds of Maxwell House coffee which he personally made with a large size percolator which he had installed in the hall. The men of the church brought 200 quart bricks, and ice cream for the dessert. The local bakery had sent down 2,000 rolls to start things off, and then had to get 250 more. Eight bushels of potatoes had to be cooked and mashed by the ladies for this feast.

These annual pre-Thanksgiving chicken suppers have been among the most popular events of their kind in Marlborough since the first one was given nine years ago. There were only about 100 guests at the first supper, about 400 at the second, and last year 900 were fed. If the same rate of increase can be made in the next two or three years it is evident that St. Mary's hall will have to be enlarged, or a part of the assemblage fed elsewhere.

The dance that followed the dinner was profitable also. There was such a large crowd in the hall as to make it difficult to dance, however.

Valuable Gas

Biau gas was invented by a German chemist by that name. Quite a number of oils may be used for the manufacturing of this kind of gas. The gas is obtained by spraying gas oils into highly heated refiners. The main advantage of this gas in carrying it is the fact that it simplifies the matter of compensating for the loss of weight.

BAYONNE FIVE AT HIGHLAND FRIDAY

Highland Hose Company, that met defeat at the hands of one Jersey team this season, will take on another from the Skeeter State Friday night. The Bayonne Fire will oppose the firemen at Smith's Hall, Highland.
A large turnout is expected to watch the game, which promises to be every bit as interesting as the one put up last week up the Johnson Brothers of Jersey City. The visitors nosed out the Highland boys, 29-28 in a court war that will be remembered for a long time by those who witnessed it. The defeat was the first handed the firemen this season.

MINOR LEAGUES' SUCCESS LIES IN NIGHT BASEBALL

Des Moines, Ia., Dec. 4 (P).—Night baseball is the real solution to the problem of making Minor League baseball succeed, Lee Kaiser, president of the Des Moines Western League Club, believes.
"Schools that used to be broke now have money, particularly the small institutions, because they adopted the night plan for football," Kaiser said. "Why not night baseball? It will draw and offset the use of the auto and give the working man a chance to attend."
Kaiser said he intended trying the plan out in Des Moines next spring.

St. Mary's May Represent West

Oakland, Cal., Dec. 4 (P).—St. Mary's College will accept an invitation to represent the West in the annual New Year's day international football game with an Eastern team at Pasadena if such an invitation is extended by the Tournament of Roses committee. The college board of athletic control voted affirmatively on the question last night and said in a statement that it felt the record of St. Mary's undefeated varsity was such that it would be a fit representative of the West against any team in the country.

Less Hope of Finding Alvin

Clinton, Pa., Dec. 4 (P).—The hunt for Thomas P. Valone, a small pilot missing since Monday, was abandoned today from Clinton to Anderson, Ohio, although searchers admitting they were losing hope of finding Valone alive.

Financial and Commercial

New York, Dec. 4 (P).—Stock prices made further recovery today under the leadership of the public utilities, but water at selling stage over the market at intervals and cut down some of the gains. Trading was again on a small scale.
Certain portions of the President's message to Congress brought heavy buying into several of the high-grade issues at the opening. But this was offset, to some extent, by selling inspired by the Soviet government's oblique response to American peace proposals in the Far East.

Business news was mixed. Announcement of another series of "Christmas dividends" and a further easing of credit conditions stimulated buying. The demand for the public utilities received considerable impetus from a revival of merger rumors involving American Water Works, Columbia Gas and other large power and light properties. Steel shares joined the advance, after an early period of hesitancy, despite the relatively low rate of steel mill activity, and the Iron Age report that the daily average of pig iron production last month was the lowest since September, 1928.

Special strength of American Rolling Mills was based on reports of further profitable patent agreements. Call money renewed unchanged at 4 1/2 per cent but funds were available in the outside market as low as 3 1/2. Recent strength of the British, French and German currencies in the foreign exchange market increased the possibility of additional gold shipments abroad.

American Water Works was the leader of the public utility group, soaring 11 points. American and Foreign Power, North American Company, American Power and Light, Brooklyn Union Gas and Western Union sold 5 to 8 points higher.
Columbian Carbon resumed its spectacular advance by soaring 12 points. International Business Machine was marked up 14. Auburn Auto 8, and A. M. Byers, American Machine and Foundry, Allied Chemical and Eastman Kodak each advanced 7 points or more.

AGAINST ORGANIZING LEGION POST IN PRISON

Yonkers, N. Y., Dec. 4 (P).—By a unanimous vote last night the executive committee of the Westchester County American Legion, meeting in Irvington, denied the request of 207 World War veterans who are inmates of Sing Sing prison to organize an American Legion Post in the prison.

The executive committee held that the establishment of the Post was impracticable, but in a statement issued today the committee said "the rights and privileges of veterans who are inmates of the prison, to which they are entitled by law as a result of the war service, will continue as from formerly to be among the proper concerns of the Legion party organization."

WANTED FOR TWO MURDERS AND SEVERAL ROBBERIES

New York, Dec. 4 (P).—Charles Davis, alias John Murray, "the Jersey kid", who police say is wanted for two murders in New Jersey and for a series of robberies totaling more than \$100,000 in Philadelphia, surrendered today after exchanging with police several shots through the door of his apartment in West 196th street.

After police had surrendered the building, Davis barricaded himself in his three-room apartment and started firing through the door as he heard the detectives coming along the corridor. No one was hurt.

It is hoped that many parents will attend.

TRANSLATES INDIAN "BOOK OF GENESIS"

Expert Takes 20 Years to Complete Epic Poem.

Washington.—An American aboriginal narrative poem, described as the Indian "Book of Genesis," has been translated into English.

The work was completed by J. N. Hewitt of the bureau of American ethnology of the Smithsonian institution after thirty years of work.

The poem traces the Indian conception of the creation of man and is expected to prove a valuable contribution to American letters, both for its intrinsic literary value and for the light it throws on the workings of the Indian mind in attempting to solve the eternal problem.

The bulk of the epic relates the adventures of the Delahiyawakka, an imaginary man-being who is called the master of life.

Before his arrival and creation of man and the world there was believed to have been a "sunless and moonless skyland, lighted only by the many white flowers of the great tree of light."

Much confusion is created in the mind of the average reader by the amazing phenomena detailed in the poem. This Mr. Hewitt explains, in because of the unsimilarity of creative thought between Indian mythology and the workings of the more familiar European mythology.

Delahiyawakka, for whose origin there is only nebulous explanation in the primitive lyrics is portrayed as the creator of man while his brother, Ohan, roughly corresponds to the theological devil, according to Mr. Hewitt.

The creator won the government and rulership of all living things by a game of bowl and plum pits with his grandmother, in which he shook as dice the heads of children kept magically alive and acting according to his bidding.

The songs and stories which generation after generation of Iroquois have handed down by word of mouth depict the adventures of the two brothers.

They are prepared for their first appearance by Mr. Hewitt, who, depicting the loss of emotional stress which is lent only by the Indian tongue, believes the beauty of the primitive imagination, which is retained in the translation, will compensate for this loss.

Rail Fares in France Less Than Before War

Paris.—Despite the general rise in prices during the last ten years, French railway fares for passenger traffic are one-third cheaper than before the war, figured on the gold franc basis. These facts have been circulated in a report on the management of the French state railways.

In 1914 it cost 0.112 francs (gold or paper) to travel one kilometer first class; today the price is 0.4503 (paper) francs. Accordingly the rates have gone up 302 per cent in paper, but they have gone down 32 per cent in gold, the report shows.

French passenger rates are the lowest in the world today, it is revealed, being exactly 68 per cent of prewar rates. The percentages for other countries (present tariffs compared with 1914 gold rates) are: Britain, 140; Italy, 72; Great Britain, 150; Czechoslovakia, 80; Germany, 154; Spain, 97; Holland, 157; Switzerland, 162; Austria, 100.

He's 53 Years Old, Yet Has Never Been Born

Southsea, England.—There is a fifty-three-year-old man living here who, officially, has never been born. He is further worried by doubt as to whether his real name is James Mead or that of his twin brother, John.

A sick benefit society to which James belongs recently asked to see his birth certificate. On inquiry at the place of his birth James discovered that although his twin brother's name was registered he was nonexistent.

James has now revealed that at the christening of the twins the boys were so alike that one wore a red band around the arm and the other blue. When they were dressed the gowns became mixed, and although the mother pointed to him and declared that he was James, he is still doubtful if he really knew which was which.

Barmaid in England Takes Pastor's Place

Barbury, England.—During the absence of the regular preacher Miss Varney Hancock, twenty-six, shingled-haired barmaid of the Marlborough Arms, conducted the services at the Unitarian church and created a favorable impression among the congregation.

Miss Hancock is president of the Barbury Young People's guild, which encourages young people to conduct services. She has studied elocution and is said to have a fine voice.

"It has always been my ambition to be a preacher," she said after her first appearance in the pulpit. "I like to talk and do not feel the least bit nervous in the pulpit."

At the Marlborough Arms Miss Hancock combines her barmaid's work with household duties.

Reduction in Taxes and Tolls

Toronto, Ont., Dec. 4 (P).—A three per cent reduction in the price of rubber tires was announced today by Arthur R. Hannay, secretary of the Rubber Association of Canada. The cut is the consequence of reduced cost of production. Mr. Hannay said.

Four Billions Required to Run U. S. Government

Washington, Dec. 4 (P).—President Hoover informed congress today that it would require more than four billion dollars to run the federal government for the next fiscal year. But in doing so he presented encouraging figures on treasury finances and reiterated his recommendation for a quick reduction in taxes.

He submitted the first annual budget for the Hoover administration, which contained 1,594 pages with an accompanying summary. It called for appropriations of \$3,829,445,231 and estimated the outlay for the year beginning July 1, at \$4,162,938,760. At the end of that time a surplus of \$122,900,000 would be available.

The appropriations asked were \$145,696,000 less than for this year. A \$200,000,000 appropriation for the farm board, to be submitted later, and a \$72,000,000 carry over from last year, however, made up the difference between the amount requested and the estimated expenditures, which covered all of the major projects of the government.

Although he had recommended the one per cent reduction in corporation and individual income taxes in his annual message, which was submitted yesterday, the President devoted considerable space to this subject in the budget message.

He called the attention of congress to past experience, which had shown that business prosperity had been stimulated by lowering of taxes.

More Tales Told In Investigation

(Continued from Page One)

there had been no need for a

The Loom was a total stranger to Mrs. Richard, she had never seen him before. Kelly said she has known him for years. He is a black man by trade and he spent much time at the Richard home, being a member of the family.

Myers and Mrs. Platt were brought to the Richard home by Mr. Richard. Richard had left in the forenoon and had been down the line and he brought them back.

She said she did not know if Mrs. Myers had a drink at her home or not. The rest she was not sure about either except that Van Loom, she thought, had two beers. She did not see him pay for the beer. She thought he probably had a social drink with the others but she could not recall that the others drank. The beer, she said, had come from her home, it was not brought from outside. The beer was made in the home. Van Loom was not there long and while he was there he might have had two beers.

Mrs. Richard said her husband drove a Chevrolet car. It was about 12 o'clock when he brought Myers and Mrs. Platt there and they left. She thought, about 2 o'clock. When they left Myers, Mrs. Platt and Van Loom left in the Chevrolet car with Richard driving. They were going to Myers' place. They left by the kitchen door.

During the time the party was in the kitchen she did not recall Mrs. Platt saying that she had to phone to Van Loom. She also said she had not heard Van Loom say when he entered that he had made a mistake and was looking for Guy Barrett's place. Barrett lives next door to the Richard home.

After the party left for the Myers place she did not know what became of her husband except what she learned later. She heard he had been to Myers', George Robinson's and Asa Krom's.

Her husband, she said, did not drive his car after dark. His eyesight was bad. That night her husband's car was brought home to Fleischmanns by Ray Decker but her husband did not come home that night.

Sniffin Kelly came and stayed all night with her at the request of Mr. Richard who did not want her to remain home alone. He slept upstairs in her husband's room and she slept in her room on the first floor. She went to bed at about 8 o'clock and Kelly remained up. He got his own supper. She said Kelly could not drive a car. The distance to Myers' place from her home is about two miles.

Ray Decker drove in at midnight with the Chevrolet car and went to bed with Sniffin Kelly. Next morning about 8 o'clock Kelly and Decker left for the Myers place. She was positive Kelly slept in her house.

Mr. Richard used to be a great friend of Myers but is not now. She said she knew Myers for 15 years and Mrs. Platt for a shorter period of time. She first knew Mrs. Platt the past summer. She had visited Mrs. Platt three or four times during the past summer. Years ago she said her family and Myers visited often. Mrs. Myers lives with her husband but was not home on the night of the trouble.

Sunday morning she heard Kelly and Decker drive away and she got up and looked out of the window. It was about 8 o'clock and she then returned to bed and remained in bed until about noon.

Asked if she was positive that Kelly was at her home all Saturday night she said she was positive he was. Sniffin Kelly said he slept at Mr. Richard's that night it was not true. He left her home Sunday morning about 8.

"Now if Sniffin Kelly was found asleep on a cot at the Myers place Sunday morning at about 8 o'clock, would you still say he slept at your house?" asked Mr. LeFever.

"Yes," replied Mrs. Richard.

She had not talked to Myers or Mrs. Platt since but had talked to Kelly. Kelly talked to her about Van Loom and about his being to Myers. He told about the Troopers being at Myers and of the finding of Van Loom's hat at Myers'.

Kelly was in New York last she knew. Mr. Richard came home Sunday afternoon about 3 or 4 o'clock when Ray Decker drove him home. He did not mention Van Loom's death or

of his being found injured along the road.

Sunday morning she did not speak to Kelly as he drove out, but about 12 o'clock he called her on the phone and asked her if she remembered the old man who was at the house Saturday and she told him she recalled him. He then told her the man had been found dead along the road.

Before she got up Sunday morning, she said, she heard someone knock at her door but she did not get up but let them knock. The officials visited her place during the investigation after the accident. She said her door was locked by Kelly when he went out in the morning.

Coroner Conner then asked the witness if her husband had not gone to New York city. She said he had in October when he received a telegram saying his sister was ill. He returned home for the opening of the deer hunting season.

Kelly had gone to New York after the first hearing before the Coroner. He left the next Sunday and she thought he was working in some school in the city. He had been in New York five or six weeks. He usually went to the city in the winter.

The witness retold her story of Kelly staying at her house on Saturday night and said that if he said he had stayed at Myers' place he had not lied but had been mistaken.

Sunday afternoon Kelly came to the Richard place about 3 o'clock, after she had sent to Myers' for him. Byron Kelly came looking for his brother and she sent him to Myers' to get Sniffin as she did not want to be alone. Kelly stayed all night Sunday here and also Monday and then went to his sister's at Bedell. Kelly came and stayed at the Richard home the night before the hearing in October.

Asked by Coroner Conner if she knew whether her husband had seen Kelly in New York when he went down to his sister's, she said she did not know. She did not know where Kelly was in New York. He sent a card after he arrived but gave no address. He told her he would write later and give an address. He has not sent the address yet.

Sniffin Kelly at times borrowed small sums of money from her and always paid them back.

She did not know how Van Loom met his death. She heard he was hit by a car and also that he was hit with a club. Kelly, her husband, Mr. Myers or Mrs. Platt did not tell her that. She did not know who told it.

She said she saw Van Loom have about two drinks of beer. It was not paid for. They always have beer in the house. They make it but they never sell it. It is given away. "We have some now," volunteered the witness. They never have whiskey.

Since the affair she has not given Kelly any money.

James Richard, the man who stopped frequently to tell the court that he was drunk during the greater part of three days and had no recollection of what was happening, was next called. He was sworn at the last hearing.

On October 5 he left his home in his car with Van Loom, Myers and Mrs. Platt to take Myers and Mrs. Platt to the Myers place.

All had been served with beer. Van Loom had about two beers while at the Richard home. They left at about 4 o'clock for Myers'. Kelly stayed at the Richard place all night and he next saw Kelly at Myers' next morning. Ray Decker came with him in Richard's car. At least that was what he had been informed later. Richard stayed at Myers for a time Sunday and he slept there Saturday night. Sunday afternoon he and Decker drove up Peck Hollow in the car and remained up there for two or three hours. Richard said he was sleeping in the car, he thought. He then went home. His wife was home and Kelly might have been there, he was not sure. His head was not clear. "I know what was going on but I was not sober. I imagine Kelly was there," said the witness. He did not know how Kelly got there if he was there. "Decker, my wife and Ray Decker stayed at my house Sunday night, I don't think Kelly stayed there that night."

"I got up Monday morning, my wife got up later. It was about 7 o'clock. Kelly was not there. My mind was foggy from Saturday night," said the witness. A week later he saw Kelly and had an "ordinary" conversation. He could not remember Kelly staying at his house on the night prior to the first hearing. Kelly came down and returned home with him but whether he stayed all night at the Richard home following the hearing he could not say. His loss of memory served him several times during the inquiry. However Kelly went over to Marshall Osterhoud's and later told Richard that he was going to New York.

Mr. Richard said he went to his sister's in New York later and while he was down he saw Kelly in New York. His sister lives on Long Island near Rockville Center. He visited his sister, being taken there by Frank Calabrese in a car. Frank visited Richard back to New York and let him out of the car at 59th street. Richard went to Kelly's address which he had. It was 42 West 65th street where Kelly took his meals and he lived a few doors away. He stayed all night with Kelly and then next day Kelly accompanied him to Dutchess county. That trip was about the middle of November. During the visit they might have mentioned Van Loom. His memory again failed him. Sniffin was not working.

Contrary to Mrs. Richard's statement Mr. Richard's faulty memory recalled deer hunting the first day of the season on November first and

that was before he went to New York and talked to Kelly.

Since the Van Loom death Richard has seen Myers once at the Myers place. Myers spoke of the Van Loom affair and Richard told him he did not care to hear about the matter.

The witness said he thought Kelly was at the same address. He had lived there a year prior and he gave Mr. Richard the address before he left for New York.

Then Mr. Richard's faulty mind recalled another incident.

He told how he and his wife had driven in his Chevrolet car to Verbank, Dutchess county, and stopped at a place on Jess Hill, a Blacksmith who formerly lived at Fleischmanns years ago. At Hill's Mrs. Richard remained while Frank Calabrese took Richard to New York city. On the way back Richard and Kelly came by train to Verbank. Kelly came to company and Richard paid the cost as Kelly appeared to be low in funds. Mrs. Richard had testified that she had not seen Kelly since he went to New York but her husband with his faulty memory testified that Kelly went to the Hill home where Mrs. Richard had been during his trip to New York and had stayed over night and returned to New York next day.

Dangelo Will Win Friday Say Local Heavy's Boosters

One of the outstanding bouts of the armory card Friday night will be the heavyweight contest between the local champion, Frankie Dangelo, and the challenger, Nick Zinno. The local heavy's boosters are confident that Dangelo will win the bout. Dangelo is a local favorite and has won several bouts in the past. Zinno is a challenger from the Bronx and is expected to be a tough fight. The bout is scheduled for 10 o'clock on Friday night at the armory.

The bout will be a real test for both fighters. Dangelo is a powerful fighter and has won several bouts in the past. Zinno is a challenger from the Bronx and is expected to be a tough fight. The bout is scheduled for 10 o'clock on Friday night at the armory.

Rafonelli, who is a local favorite, is expected to win the bout. He is a powerful fighter and has won several bouts in the past. The bout is scheduled for 10 o'clock on Friday night at the armory.

H. S. Basketball Season to Open Friday Night

Will Go Against Fast Roamers in
Opening Game—DUSO League
Schedule Complete.

The Kingston High School varsity basketball team is beginning its season Friday night at the school gym against the Roamers, one of the best teams in the city. Coach Kias is stacking his men against stiff opposition for the opening game but he is confident that his first string men are capable of holding their own after two weeks of drill. The first team has scrimmage every night against the seconds and their passwork and point getting methods show improvement each day. The main game is scheduled to start 8:30, while the preliminary between the second and third team will start at 7:15.

Captain "Al" Blackwell, veteran forward, who was one of the outstanding court men in high school basketball last season in the Hudson valley, is still in the open field position. "Al" is about six foot, has a keen eye and is fast. This boy intends to lead his team to another DUSO League championship, a feat which was accomplished last season. Coach Kias has plenty of good material and he will probably turn out a squad that will conquer all court teams.

The remainder of the lineup will probably be made up of "Bob" Culham at forward, another varsity man of last season and the guards' betas will be filled by Parks and Clarke, two of the best guards a Maroon team has had in years. Just who will jump center is not known but it appears as though it will be either Burgevin or Clark.

Kingston starts its DUSO League games January 10 against Port Jervis at the Red and Black's court. The following is the entire DUSO League schedule for the 1929-30 season. All the teams are included in it.

Roamers Trim "Y" Team, 35-33

The Roamers, who fell victims to the Y. M. C. A. Seniors at High Falls several weeks ago, made good their threat to trim the "Y" in a return game by outscoring the Seniors, 35-33, Tuesday night on their own court.

A large turnout saw the battle, which went the Roamers' way at the outset. They outscored the "Y" 6-4 in the first quarter and in the second prevented the Seniors from tallying while they raised their standing to 15 points. During the third quarter the "Y" got through for 12 points, bringing their standing up to 17, but the Roamers prevented them from taking the lead. At the end of the session the Roamers had 22 markers.

The Y. M. C. A. tried its well known winning sport in the final quarter, but it did not work against the Roamers. The latter team held tight when it came to defense, and when they got their hands on the ball, tossed it into the net for enough points to keep them from sinking. Boice with 14 points and Raichle 12 were highest scorers of the game. These Roamer forwards were in top notch form and fooled the "Y" team by caging the oval from all angles. Captain Chet Fox and Norm Niles did the best scoring for the Seniors. They gleaned 9 and 8 points respectively.

The score:

Cy Can't Pass Or Kick But He Sure Can Run

By CAYLE TALBOT

(Associated Press Sports Service)

Fourth Worth, (AP)—They were afraid three months ago that football would ruin Cy Leland's career as a sprinter.

Now they don't much care if he never sees a cinder track again. It might affect his football stride.

The long-limbed Texas Christian University meteor has become the sensation of the Southwest Conference. He is, many competent observers say, the greatest ball carrier the section has ever produced. And he is a scoring threat any time he gets his hands on the ball.

Two long, spectacular sprints for touchdowns against Baylor University sent the Frog Flash into the lead in the conference scoring race. Cy has contributed 13 touchdowns in nine games and largely is responsible for his team's unbroken string of victories.

He was directly responsible for the Christians' victories over two conference opponents, Texas University and Texas A&M.

Against the Aggies he sprinted 60 yards from scrimmage for the winning touchdown. He returned a kick-off 90 yards through the Longhorns to give the Frogs a 15 to 12 victory.

His most sensational romp, however, was a 92-yard punt return against Baylor. He shook off four tacklers in the first 10 yards and sidestepped that many more before he struck his sprinting stride and left the pack far behind. Shortly before he had circled end for 64 yards and a touchdown.

Leland's individual feats planted the Frogs on the threshold of their first Southwest Conference title.

In addition to his speed, which has earned him the title of "Football's Fastest Human," Leland is as

star. Booth is a basketball and baseball performer. Each has the calm assurance, the ease of action that speaks class and natural ability. "Have you noticed Booth's trick of quickly relaxing as he is tackled?" asked Ed Thorp, after he refereed the Yale-Harvard game. "The little fellow doesn't waste his energy in an unnecessary scramble, once he is tackled. That's why he usually is in upright position when stopped on line plays."

There is considerable debate over the coaching situation at both Harvard and Yale for 1930. Arnold Horween, the Chicago business man, has rounded out four years as head coach at Cambridge, during which time he has changed the Crimson from a strictly defensive to a versatile offensive outfit, packing the hardest punch the palmy days of the Mahan-Brickley era under the late Percy Haughton. Harvard has met a number of reverses in the process of overhauling, in fact quite a number, but two successive conquests of the Blue make it a pleasant winter around the Boston freeways.

Horween, as matters now stand, probably can keep the job if he wants it, but there has been some discussion of a successor, with Eddie Casey and Charley Hubbard, assistant coaches, as the principal candidates.

At Yale, Dr. Marvin Stevens has finished his second year as the successor to Tad Jones without reaching the main objective, a victory over Harvard. From a ragged start, the Elis of 1929 rose to remarkable heights in mid-season, beating Brown, Army and Dartmouth in succession as Davis Cup honors, as well as a hockey

BASEBALL PLAYER MAKES DEBUT IN RING MONDAY.

Chicago, Dec. 4 (AP)—Dan Daly of Cleveland, who professes to be yearning for an opportunity to gain revenge for "Lena" Blackburne, former White Sox manager, will get his chance Monday night. Daly has consented to be the first ring opponent of Art Shires, the "bad boy" of the White Sox, who decorated Blackburne with two black eyes last summer.

CTB MANAGER WILLING TO PAY WELL FOR GRIMES.

Chattanooga, Tenn., Dec. 4 (AP)—John H. Farrell, secretary and treasurer of the National Association of Professional Baseball Leagues, today submitted his twenty-eighth annual report to the convention. Mr. Farrell reported that 27 leagues qualified last year, one did not start, two disbanded and 24 finished the season. The Utah-Idaho League did not start and the Lone Star League and California State League failed to complete the baseball year. The roll of players employed by the National Association Clubs during the season reached a total of 7,653.

The secretary's files now contain more than 50,000 names of baseball players and their records. Major League presidents and managers came to the National Association as visitors but they were willing to trade among themselves if the details could be arranged. Joe McCarthy, of the Chicago Cubs, was understood to be willing to pay Pittsburgh a large sum for the release of Burleigh Grimes, Pirate pitcher.

No Salvation Army League Game.

The Salvation Army Junior Basketball League game between Joice-Schrick Post's Veterans of Foreign Wars Juniors and the Clifton Avenue M. E. Juniors, to have been played Tuesday night at Salvation Army Hall, North Front street, was called off.

Spinny's Ready For Thursday

Spinny's Radio Five of Port Ewen are ready for their regular weekly game Thursday evening at Pythian Hall, Port Ewen, where they will have for opponents the McCormack Five of Poughkeepsie.

The Spinny's are anxious to get back on the winning road after dropping their last tilt to Monticello last Saturday night. Previous to going to Monticello the team had five straight victories to its credit, so the setback has been hard to bear. The Radio men will be satisfied with nothing but a decisive win Thursday.

They will have a task on their hands with the McCormacks, however, for the Poughkeepsie outfit is classed as a hard fighting quintet. It has taken the measure of some classy fives this season, so it should put up an interesting battle against the determined Spinny team. A preliminary will be put on by the Port Ewen Girls Club and the Artistics. This tilt will get started about 7:15 and will be followed by the feature. Maiseholder's Commanders will furnish music for dancing after the games.

COLGATE STARS TO PLAY IN FRISCO CHARITY GAME.

Hamilton, N. Y., Dec. 4 (AP)—Three stars of the Colgate football team, unbeaten in its last eight starts and scoring leader of the East, today accepted invitations to play with the East against the West in the annual charity game at San Francisco on New Year's Day.

They are Captain Johnny Cox, center; Jules Yakob, quarterback, and Tommy (Spook) Dowler, halfback. Dowler was one of the leading scorers of the East with a record of having registered a touchdown in the first five minutes of every game of a nine-game schedule.

Young Stars Will Entertain. The Ladies' Auxiliary of the Uptown Center will give a dance and entertainment at the Downtown Center, Thursday evening. The entertainment will consist of young stars, such as Shirley and Marge Silverman, Ruth Siegel, Baby Lee Hommel of Saugerties, Roger Keough, Mark Silverman and Irving Schwartz, who will act as master of ceremonies. There will be plenty of comedy and snappy dancing, assuming a real good program which will take place at 10 o'clock. Music will be furnished by Tony Turck's orchestra of five pieces.

What would happen?

if your dentist waited sixty days before he pulled a tooth?

OR if your doctor waited two or three months before he decided to prescribe for your aches and pains? Or if your grocer delivered the food for Sunday's dinner on the following Tuesday?

You demand good, prompt service from merchants, dentists, doctors, in fact, from all of whom you buy. They, in turn, expect you to pay your bills promptly, as you agree to do when you contract with them for merchandise or service.

Remember—Paying bills PROMPTLY creates a sound credit rating—and a sound credit rating is a priceless possession.

Supervisors Hear Four Committees

Farm and Home Bureaus and Accredited Herd Association Ask for Appropriations Totalling \$117,000.

The principal business transacted by the Board of Supervisors at its session on Tuesday evening was hearing the reports of some of the standing committees.

The committee on Errors in Assessments reported that they had examined those reported and had found the same correct. The amount claimed and allowed was \$1,925.49.

They were chargeable as follows: Gardiner, \$284.30; Olive, \$12.93; Shandaken, \$127.51; Ulster, \$10.68; Woodstock, \$16.34. Supervisor Dushinberre moved the report be adopted.

The Committee on Tuberculosis Hospital and Laboratory reported, amount claimed, \$357.65, same amount allowed. Over.

The Committee on County Clerk and Surrogate reported amount claimed, \$327.50; amount allowed, same. Over.

The privilege of the floor was given on motion of Supervisor Young to former Supervisor Edwin C. Quimby of Marlborough.

The annual report of the Farm and Home Bureaus and Accredited Herd Associations, was filed. The Farm Bureau requested an appropriation of \$5,200; Accredited Herd Association, \$6,000; Home Bureau, \$5,500. Referred to Committee on Appropriations. The reports have been printed in The Freeman.

The Committee on Sheriff's Accounts reported amount claimed \$8,162.65; amount allowed, \$7,387.95. A bill of Albany Penitentiary for \$775 was rejected by the committee without prejudice to resubmit the claim. Filed and later laid over to adopt.

Supervisor Wright J. Smith offered a resolution that \$1,200 be levied and placed in hands of county treasurer to pay annual rent for Ulster county motor vehicle bureau in The Freeman building on Fair street. Over.

Supervisor Avery offered a resolution that the county deed back to Morris Svirsky of the town of Esopus, for nominal sum of \$1, a parcel of land taken from him through condemnation proceedings for County Highway, No. 310. A new alignment of route has been made by the State Department of Highways, requiring a new parcel to be secured and an agreement has been made by the county whereby Mr. Svirsky will deed over to the county the required new parcel for \$1,000, conditioned that the first parcel be deeded back to him. The resolution was adopted and agreement will be carried out.

Resolutions on Monday were called up and adopted and committee reports submitted were laid over under the rule.

On motion of Supervisor Markle the Board of Supervisors adjourned until Wednesday evening at 7:30 o'clock.

DO YOU SPEAK OF JAGERS AND WESSELTONS OR JUST "DIAMONDS."

If you know whether Jager Diamonds are finer than Cape Diamonds, Wesseltons finer than Premiers, if you can distinguish blue-white from yellow or light brown, if you judge the value of a diamond by its proportion of width to depth—if, in other words, you are a true connoisseur of diamonds, you do not need our help in your choice of these fine jewels.

But if you are not a connoisseur you will want to be guided in your selection of diamond jewelry by men who have mastered these matters of color, proportion and value. You will feel secure only in a store whose men not only know all there is to know about the diamond you choose, but who will tell you everything frankly while you choose.

Those people who are not connoisseurs come to see us for honest guidance in their selection of fine diamonds. And those people who are connoisseurs come to us for the fineness of the jewels themselves.
